

Scholars Academy

is striving to add even more unique and enriching opportunities for our students. SCHOLARS BOOSTERS is a group that works to continue to bring competitive and educational experiences to our students. Raising funds for entry fees and costs associated with materials and transportation is imperative for the future of these programs. Are you interested in supporting the continuation of our award-winning, student resumé-boosting, life-changing activities like: Odyssey of the Mind, One Act Play, spring musical, Mock Trial, Science Olympiad, Lego League, Classical League, Academic Team, Math Team, and student musical instrument programs for band and strings? Scholars Boosters also directly benefits school-sponsored social activities and an “angel fund” that assists individual students with field trip and entry fee expenses. Go to sa.tcitys.org/scholars-boosters for the latest information.

Please consider sponsoring
